

This will be the 27th annual William Ludwikowski Memorial Scholarship Golf Tournament. The O.W. Holmes Class of 1977 continues our mission to provide opportunities for education to future Holmes Alumni. Your contributions are essential to supporting our Foundation. I invite you to view our website at www.wl33foundation.org for more detailed information.

Briefly, I should tell you that Bill was a classmate of ours at Holmes and that he was an outstanding scholar, athlete and leader of our peers. He died of cancer about ten minutes after receiving his diploma on graduation day in May 1977. He had received numerous scholarships and was set to attend Princeton University after high school. After his untimely death, our classmates decided to set up an educational fund to honor Bill and his parents by raising money and granting scholarships in his name. The response over the years has been tremendous to say the least.

This annual golf tournament is our only fund raiser and thanks to the support of former classmates, friends in the community and businesses we have helped provide scholarships to many young people that have a desire to further their education. To date, we have provided 80 scholarships totaling more than \$350,000 to Holmes High School Graduates.

This year we are set to hold our golf tournament at Silverhorn Golf Club on Saturday, June 22nd 2024, Please consider partnering with us with a donation of money, gift or a gift certificate and contact me as soon as possible so that we can make arrangements to collect your contribution. As an additional avenue of support, you can now order on Amazon Smile, and select the William Ludwikowski Foundation to receive a donation from Amazon base on your purchase. I am honored by your support and grateful for your participation in our efforts.

Sincerely,

Paul J. Kuwamura
